WELCOME Hometown Structures has been doing custom construction right here in New England for well over a decade. You can rest assured that your investment will endure even the roughest New England weather. With a wide range of exceptional styles combined with the ability to customize, you are sure to find a match for your taste and property. The possibilities are endless!

The fact that these structures are built in New England, by New Englanders, for New Englanders makes us able to serve you best, and ensure your satisfaction with these remarkable garages or barns.

You can trust Hometown Structures to meet local building code requirements, and as a licensed contractor, we can help you work through the permit process. Not only will you get an excellent garage or barn, but it will be done right and with no hassle! We know you'll enjoy working with our friendly and professional team!

Single Garages

Our innovative garages are designed to give you maximum functionality, spacious storage, beautiful designs, and solid construction at an affordable price. We have a large selection of sizes, several styles, and different types of siding material. We also offer these outstanding garages in a single story and 2-story option. The choice is yours to reflect your unique design.

Start with the design you want and one of our garage experts will guide you in the process.

With our 50 year snow load and structural guarantee you can rest assured that your Hometown Structures garage will provide you years of worry-free ownership. Their beautiful aesthetics will add curb appeal to your property and their functionality will add convenience and enjoyment to your daily routines. These quality structures will also add resale value to your property more than offsetting your initial investment.

Ranch Garage

When basic is the name of the game, you've got it! These garages coordinate with a wide range of houses. Choose the size that works for you.

CLOCKWISE FROM TOP: 24'x36' Board & Batten, shown with skylights ■ 24'x24' Vinyl ■ 24'x30' Vinyl ■ 24'x36' second level ■ 24'x36' T1-11 ■ 24'x28' bottom level with full staircase

Cape Garage

A steeper roof means more flexibility for an upper level – and an upper level means double the floor space!

COUNTER-CLOCKWISE FROM TOP: 24'x24' T1-11 ■ 26'x42' Cedar ■ 24'x24' Vinyl, shown with Sugar Shack Dormer. ■ 24'x36' interior ■ 28'x36' Board & Batten, shown with Sugar Shack Dormer. ■ 24'x36' T1-11

Chalet Garage

Steep roofs have many benefits, from aesthetic value, spacious storage, and better shedding of snow.

CLOCKWISE FROM TOP: 24'x36' T1-11 ■ 24'x48' Vinyl ■ 24'x24' T1-11 ■ 24'x24' first level interior view ■ 24'x28' Vinyl ■ 24'x36' interior

Dutch and Villa Garages

Whether you want to coordinate with your house, or maximize the storage area in your new garage, you've got it here with a custom Hometown garage.

COUNTER-CLOCKWISE FROM TOP: 24'x32' Vinyl Villa ■ Interior view of 30'x36' Dutch ■ 30'x36' Vinyl Dutch

Custom Request? No problem!

Barns
From Small to Large!

16'x40' Two-Story Homesteader

30'x32' Loft Barn

32'x36' Monitor Interior

Hometown Barns are all about making life easier for you and more pleasant for your animals.

We have all seen animals that have not received proper care and attention. One great way to assure happy healthy animals is to provide a shelter for them that makes them comfortable and they make your work easier. A well thought through plan of feed and grain storage, bedding storage, ease of cleaning, and enough space for each animal will go a long way in making chores easy and fun.

Have horses? We custom build barns that even your horse will be proud of. **Donkeys, sheep, dogs, poultry?** Just bring us your ideas and we will work with you to build the barn or shelter everyone, including the animals, will love.

32'x24' Monitor

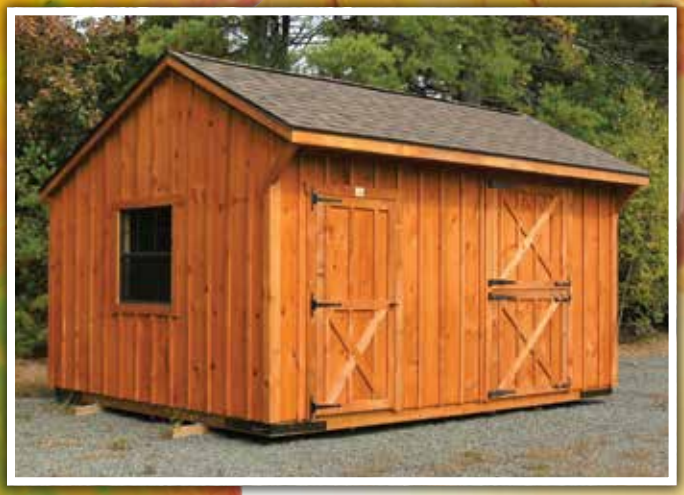
Every animal lover has their own distinctive needs for their new barn. We'll be happy to work with your needs to develop the perfect barn solution for you.

COUNTER-CLOCKWISE FROM TOP: 24'x36' T1-11 Cape ■ 22'x24' T1-11 Swiss Chalet ■ 20'x36' Board & Batten Cape ■ 55'x80' Pine Shiplap Cape ■ 20'x24' T1-11 Sugar Shack

Combination Barn & Garage

Do it all under one roof! Whether you want a combo of a house, garage, barn, warehouse, retail store – bring your ideas – we're here to help!

CLOCKWISE FROM TOP: 40'x60' Pine Shiplap Cape ■ 22'x70' Pine Shiplap Swiss Chalet ■ 40'x60' Ranch interior ■ 40'x60' Pine Shiplap Ranch ■ 22'x70' Pine Shiplap Swiss Chalet



Rowbarns

From simple run-in sheds to rowbarns with hay storage above, we can build the barn that works best for you and your budget.

COUNTER-CLOCKWISE FROM TOP: 12'x18' Board & Batten ■ 10'x12' Run-In Board & Batten ■ 12'x30' T1-11 ■ 12'x32' modular two-story Board & Batten ■ Optional Dutch doors with heavy duty hardware
